The whole area in between was being constantly shelled and mortered and was covered by enemy snipers. Tolhurst was made personally responsible for the telephone line between the two HQ. Over this line was arranged the supporting arty. fire required as a result of information received from Bdes. It was thus vitally important that it should be kept through. Tolhurst went out innumerable times to repair the line, which being constantly cut by mortar bombs and shells and the line was never out of order for longer than 15 mins. END OF SALE

SALE CATALOGUES

On the average we issue twelve or more Coin Catalogues and three Naval & Military Medal Catalogues each year, some of which are usually of Sales of important Collections.

CATALOGUE SUBSCRIPTIONS

Sale Catalogues, frequently illustrated, are normally posted to Subscribers about three weeks prior to the date of Sale.

Lists of "Prices Bid" are issued after each Sale, thus giving at a glance a reliable guide to value. The final test of value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading. The Lists of "Prices Bid" will probably be enclosed in a following Sale Catalogue.

AIR MAIL POSTAGE

To allow subscribers resident outside Europe time to submit Postal Bids, Sale Catalogues will, if desired, be sent by Air Mail. Air Mail postage is not, however, included in the Subscription Rate and the cost must be borne by the Subscriber. In such cases a deposit against the cost is required.
